

Справ. №

Technical drawing of a decorative plate (Fig. 10). The plate is rectangular with a width of 40\* and a height of 80\*. It features a central vertical axis of symmetry and a central horizontal axis of symmetry. The design includes four circular motifs arranged in a 2x2 grid, with decorative scrollwork and lines connecting them. The central area is defined by a dashed line.

Technical drawing of a rectangular plate. The overall width is dimensioned as  $295 \pm 1$ . The overall height is dimensioned as  $6,3$ . The drawing shows a wavy center line, likely representing a weld or a joint, running vertically through the center of the plate. The plate is divided into four vertical sections by three vertical lines. The wavy line is located in the second section from the left.
